- ☒ Microsilica weighing
- ☒ Fly Ash & GGBS Weighing
- ☒ Ice Weighing
- ☒ Precast Applications
- ☒ Additive weighings
- ☒ Bigbag Cement Transferring Systems
- ☒ Recycling units
- ☒ Heating & Cooling solutions for Concrete materials.

STATIONARY CONCRETE PLANTS

High Quality Concrete Design Production with full optional items

$30\text{m}^3/\text{h} - 60\text{m}^3/\text{h} - 100\text{m}^3/\text{h} - 120\text{m}^3/\text{h} - 150\text{m}^3/\text{h} - 180\text{m}^3/\text{h} - 240\text{m}^3/\text{h}$

MOBILE CONCRETE PLANTS

High Quality Concrete Design Production with less area, easy transport and assembling

$30\text{m}^3/\text{h} - 60\text{m}^3/\text{h} - 100\text{m}^3/\text{h} - 120\text{m}^3/\text{h} - 150\text{m}^3/\text{h}$

COMPACT CONCRETE PLANTS

High Quality Concrete Design Production with less area, easy transport and assembling

$30\text{m}^3/\text{h} - 60\text{m}^3/\text{h} - 120\text{m}^3/\text{h}$

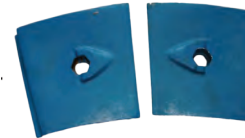

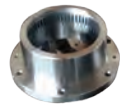

Basing on the principle of national industry and in the light of rapid industrial challenges and developments in the second millennium, we have constructed a factory that meets the desires of modernization in our industrial community upon which we have launched, that is for covering the international specifications requirements of the factories , where it has been established according to quality standards by international and local experts in order to have a product that meeting the customers's wishes, where we are working according to quality and services, and its normal activities have been significantly has exceeded and become an effective model through continuous improvement for quality standards.
